

## Congratulations!

Your company is an early adopter of an improved way of doing healthcare – one that puts you in control of your healthcare choices.

## Here's How it Works

Your employer provides you with a tax-free monthly allowance for health insurance.

You review your company's monthly health contribution & complete your online health profile.

Venteur recommends plans based on your priorities – you can even keep your preferred doctors, prescriptions and insurance carriers.

You choose your insurance plan from our list of custom recommendations.

Venteur answers all your questions and helps you enroll in the right plan. They take care of all the backend stuff, including paying all monthly premium payments.

## About the Venteur Health Plan

- This plan is formally known as an individual coverage health reimbursement arrangement, or ICHRA.
- This health plan that allows employers to give employees a tax-free monthly allowance toward healthcare.
- Funds can be used to cover insurance premiums, including dental and vision, as well as qualifying medical expenses.
